Label & Location

Li-ion 0.5 ARC Motor

[Ø20mm/0.5Nm/20rpm](SKY) MT01-1320-069001-S FCC ID: 2AGGZ003B9ACA51 IC: 21769-003B9ACA51

5V DC 2.6Ah | MADE IN PRC I.CL.A 12min 0.73A 6W 0.35kg IP20

CAN ICES-3 (B)/NMB-3(B)

Conforms to ANSI/CAN/UL325

Intertek

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

ARC

433.92MHz

Please charge the motor fully before first time use.

Motors are required to be charged every 18 months in storage.
