Federal Communications Commission
Office of Engineering and Technology

Subject: Application for Equipment Authorization pursuant to (2.933)(b) for proposed FCC ID:
AAO3301185T

The purpose of this statement is to fulfill the requirements set forth in (2.933) (b1 – b4). The attached photographs should satisfy the requirements set forth in (2.933) (b5).

- (b1) - The original identification used on the equipment prior to the change in identification is:
(**LLP-110-A**).
- (b2) - The date of the original grant of the equipment authorization was **05/26/1999**.
- (b3) - The equipment bearing the modified identification does not differ electronically from the original equipment. It does differ cosmetically with a new plastic housing design. This new housing is shown in the attached exterior photographs.
- (b4) - The original test results continue to be representative of and applicable to the equipment bearing the changed identification.
- (b5) - Photographs showing the exterior appearance of the equipment including operating controls available to the user and photographs of the identification label are attached as follows:
 - Product exterior views - (**extview1.pdf**) & (**extview2.pdf**)
 - Label example - (**tx_label.pdf**)

I have also included a letter of agency, (**loa_rs.pdf**), from the applicant authorizing Product Safety Engineering to act on their behalf.

Should you have any questions or require additional information, please let me know.

Respectfully,

Steven Hoke
EMC Site Manager
