Hereby, [Realme Chongqing Mobile Telecommunications Corp., Ltd.] declares that the radio equipment type [RM132] is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: www.realme.com/global/support/eu-declaration

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures.

• Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help.

Recycling Initiative

At realme devices we understand that our responsibility doesn't end at selling you our products. realme devices has been working in the area of safe disposal of electronic waste. Since devices, tablets and other electronic items are made of hazardous constituents. Under the Guidelines of Ministry of Environment, Forest and Climate Change, Government of India, E-waste (Management) Rule, 2016 and Amendment E-waste Rule 2018, realme devices will seek shared responsibility and cooperation from customers in reducing the environmental impact of their products. realme devices will comply with all the applicable laws related to e-waste management. As a part of e-waste recycling initiative, realme devices has partnered with an authorized e-waste company named as 3R Recycler for collection, dismantling and disposing E-waste collected from all over India. 3R vision is to look at e-waste not just as waste, but as an important resource that can be made useful instead of shunning it as e-waste recycling.

For further information about e-waste recycling and our e-waste recycling partner & their process you may log on to www.3rrecycle.com or write an email to admin@3rrecycle.com. Call us: Toll Free No.-800 200 2450.
