FCC Class II change Letter

Date: 2023/11/28

This is an application for a class II permissive change for FCC ID : 2AF82-AP6275S, Original granted on 2023/1/6

We change the following points from the original model; the other is identical to the previously certified device

1.Adding antenna:

ANTANNA TYPE: Dipole Antenna, model: WA-P-LB-01-324, WA-P-LB-02-1020

The maximum antenna gain is high than the original.

2. Reduce 802.11a/b/g/n/ac/ax output power via software.

Also please note the following with respect to this application:

- Software security remains unchanged from the original application.
- This RF module is electronically and mechanically identical as the original application.

Except for the changes mentioned above, no other modification is performed.

Sincerely,

A handwritten signature in blue ink that reads 'Vincent Chen'.
