

Hey there,

Congratulations on getting your very own FPods FZ100 Truly Wireless Earpods with 3C NitroFast Charge, latest BT Version V5.0, Quad Mic ENC for crystal clear calls, 10mm deep bass drivers, 40mins ultra low latency gaming mode, and IPX5 rating. You can now truly sink into your world of sound. Your musical vibe begins here.

Quick Start Guide

TRULY WIRELESS STEREO EARPODS WITH
3C NITROFAST CHARGE AND
QUAD MIC ENVIRONMENTAL NOISE CANCELLATION

Included Components

Overview

Getting Started

- Place the earpods in the charging case and close the lid.
- Make sure to charge the earpods before starting the pairing process.
- Open the charging case lid and take out the buds.
- Turn ON your phone's Bluetooth settings, and search for "FPods FZ100" and tap to pair and connect.
- Your earpods are now paired and ready for you to experience.
- The earpods will automatically re-connect to a previously paired device next time you use it (Make sure the device's Bluetooth is ON).
- To charge the earpods, place them back into the case and close the lid. This will also power off the earpods.
- Use the right sized Carries (S/M/L) for a better fit and experience.

- Setup your FPods FZ100
- Power on: To turn on the earpods take them out of the case.
 - Power off: Put the earpods in the case and close the lid to power off.
 - To manually Power on the earpods, press and hold the buds for 3 seconds.
 - To manually Power off the earpods, press and hold the buds for 5 seconds.
 - To charge the earpods, place them in the charging case and close the lid.
 - Please ensure to charge your earpods fully before using them.
 - To charge the Charging Case, use the Type-C charging cable provided in the box.
 - Use a standard 5V / 1A adaptor for charging.

FCC Warning

FCC Warning
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions (1) This device may not cause harmful interference.
(2) This device must accept any interference received, including interference that may cause undesired operation.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following:

- Reconnect or relocate the receiving antenna.
- Reconnect the equipment to a different power outlet or a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- The device has been evaluated and found to comply with the requirements. The device can be used in portable exposure condition without restriction.
