

Declaration of Model Addition

We (Shenzhen Golden Vision Technology Development Co., Ltd) declare that the following changes have been made to the products in Certificate 2APD7-BL6 which issued on 04/02/2020:

Remove the fixed holes on the small PCB (as shown in the picture below). This change does not affect RF, only need to re-test the RE of 30MHz-1Ghz.

Old

New

We also added new models BL8,C1,C2,C3 for this certificate. Between the main test model BL6 and the added models BL8, C1, C2C3 the difference is only to distinguish different sales areas of different customers, the model name is different, and the products are exactly the same. So we updated the test report.
