## **Declaration**

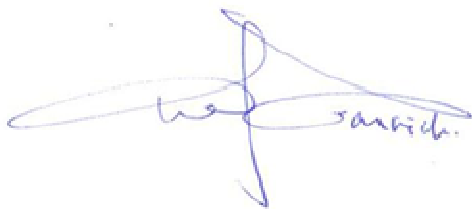

To whom it may concern,

**FCC ID: A4R-WT2** contains a WLAN/Bluetooth combination antenna. This WLAN/Bluetooth co-existence mechanism ensures that the WLAN and Bluetooth transmitters do not simultaneously operate. Thus, the WLAN and Bluetooth antenna in **FCC ID: A4R-WT2** should not be considered to be able to transmit simultaneously.

Although users can use WLAN and Bluetooth simultaneously, WLAN and Bluetooth actually are used by time-sharing. There is no overlap transmission.

Should you have any question, please do not hesitate to contact me.

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'warwick', with a stylized flourish extending to the left.
