Subject: Request for FCC Module Certification

Applicant: Inovonics Corporation

FCC ID: HCQ3B6T

To whom it may concern:

Pursuant to Title 47, Chapter I, Subchapter A, Part 15, Subpart C, Section 15.212 rules for unlicensed modules, Inovonics Corporation requests full modular approval for the following device:

- TRM Module

We declare that the aforementioned module complies with all requirements described in Section 15.212 (a)(1)(i-viii), namely:

Requirement of Public Notice 15.212	Reference to TRM Module
The module transmitter must have its own RF shielding.	The module has its own RF shielding. Please see Module Photos - TRM.pdf
The modular transmitter must have buffered modulation/data inputs.	The module has buffered data inputs. It is integrated in IC EFR32FG13 MCU
The modular transmitter must have its own power supply regulation.	The module has its own power supply regulation regardless of the quality or level of external DC supplying the module from the host unit.
The module transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c)	The TRM module is permanently mounted on the PCB, and complies with the FCC antenna requirements.
The modular transmitter must be tested in a stand-alone configuration, i.e., the module must not be inside another device during testing.	The TRM module was tested in a stand-alone configuration. Please see conducted Test Setup Photos Rev1.pdf.
The modular transmitter must be labeled with its own FCC ID.	The module is labeled with its own FCC ID, and is located on the top side of the device. Please see Label Artwork.pdf
The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.	The TRM module is compliant with all applicable FCC rules. Detailed instructions are given in the Installation Instruction Manual. Please see Installation Instructions Manual.pdf.
The modular transmitter must comply with any applicable RF exposure requirements.	The TRM module is compliant with applicable RF exposure requirements. Please see RF Exposure Rev1.pdf.
