

Class II change apply for XG-601(From XG-600 FCC ID: M4Y-XG600)

The exterior between XG-600 and XG-601 are almost the same. The differences are:

- (1) The function in the RF-chip XG-600 has 802.11 A & G function, but the XG-601 only has the 802.11G function.
- (2) The antenna line is different.
