FCC Change of ID Request Letter

To Whom It May Concern:

This change of Identification request applies for a new FCC ID as established in 47 CFR Part 2.933(b) for a currently approved device.

Currently approved device (original)

FCC ID:	UDV-201606
Model:	SIM7500A
Grant holder:	SIMCom Wireless Solutions Limited
Grant date:	August 17, 2016

New device

New FCC ID:	2AGPI-ANH0823
New Model:	SIM7500A

This is to declare that the new model is identical in design and construction to the originally approved model. The original test results are applicable and representative of this changed device. The documents on file with FCC from the original certification remain unchanged and continue to be valid.

Should there be any question, please feel free to contact us.

Sincerely,
