SUBJECT: Class II Permissive Change for FCC ID: MMAT55, FRS/GMRS to FRS

Rule Change Effecting FRS/GMRS Devices

FCC Part 95.587(e)

FCC Part 95.591

Statement of Compliance

Dear FCC OET Laboratory Staff and TCB Personnel,

This is a request for a Class II Permissive Change to reclassify a combination FRS/GMRS PTT Transceiver, FCC ID: MMAT55, Model T55, to an FRS only PTT Transceiver.

The transceiver is identical in all aspects to that which was previously granted with the exception that the GMRS bands have been disabled. No other modifications have been made and the transceiver remains compliant to the requirements of FCC Part 95B. The User's manuals have been revised to indicate this change.
