BT	Bluetooth ready to pair

Get it Ready for Playing

1. Plug T16 into your car cigarette lighter socket.

2. Connecting Bluetooth: When LED display reads "bt," it is in pairing mode, and voice prompt will say "Waiting for connection."

On your smartphone, enable Bluetooth function, search for available devices, select " T16," and pair with it. Once connected, listen for voice prompt "Bluetooth connection success." You are now paired.

Play Music

Playing music from your phone:

After steps 1-5, you can start playing audio using your smartphone. The music will stream via the Bluetooth A2DP function

Play/Pause	Press ☎
Previous/Next track	Press ◄◄ / ►►|
Volume	U30	Rotate ☎

Play music from Aux in:

For your other player like MP3/MP4 etc. Connect your device to T16 with Aux cable.

Hands-Free Call

After you set up playing, you can also use the hands-free function

Answer an incoming call	Press ☎
Reject an incoming call	Press and hold ☎
Hang up a call	Press ☎
Recall last incoming/outgoing call	Quickly press twice ☎

Under music playing status , if there is a call coming in, it will switch to call mode automatically. After hanging up, it will switch back to playing mode automatically.

Bluetooth has one Type-C port and two USB ports, with a total max 42w output in intelligent current sharing mode:

- ▭ PD⚡ Type-C" PD 30W

- ⚡ USB1: 5V/2.4A charging port

Specifications

DC input: 12V-24V
Output: Type.C PD 30W for iPhone
Bluetooth connect distance: 10m
USB capacity support: ≤64Gb
Working temperature range: -20°C to 40°C
Storage temperature range: -40°C to 75°C

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.
FCC Radiation Exposure statement
The device has been evaluatec to meel general RF exposure requirement. The device can be used in porlable exposure condition without restriction.
