

A photograph of an anechoic chamber. The walls, floor, and ceiling are covered with white, pyramidal-shaped electromagnetic absorbers designed to eliminate reflections. In the center of the room, a large, white, rectangular object sits on the floor. Two black, rectangular speakers are placed on top of this object. On the back wall, a logo is visible, featuring a stylized 'U' and 'L' inside a circle. The floor is dark and reflective. The lighting is bright, coming from a source on the right, creating a strong glare.
