

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing a blue cylindrical device (EUT) lying horizontally on a blue surface. A white cable is connected to the left end of the device. A metal ruler is placed vertically to the left of the device, and another metal ruler is placed horizontally below the device, providing a scale reference. The device has a small label on its side.
EUT View 2	 A photograph showing the same blue cylindrical device (EUT) from a different angle, still lying horizontally on a blue surface. The white cable is now at the bottom left. The same metal rulers are present for scale reference. The device's label is visible.

EUT View 3	 A photograph showing a blue cylindrical component, likely a battery or sensor, oriented vertically. The component has a black base with two white wires extending from it. A metal ruler is placed horizontally below the component for scale. The background is a solid blue surface.
EUT View 4	 A photograph showing the same blue cylindrical component oriented horizontally. The black base and white wires are visible on the left side. A metal ruler is placed horizontally below the component for scale. The background is a solid blue surface.
