Dear Madam or Sir,

We would like to confirm the models **T60 and iTALK 220** are same in all respects, the same function, frequency range, modulation method, channel spacing, RF output power, circuit board and external structure. The only difference is the model name.

We would like to confirm the models **T65 and iTALK 200** are same in all respects, the same function, frequency range, modulation method, channel spacing, RF output power, circuit board and external structure. The only difference is the model name.

We would like to confirm the models **T60 and T65** are same in all respects, the same function, frequency range, modulation method, channel spacing, RF output power and circuit board. The only difference is LCD screen and model name.

Sincerely Yours,

Signature: 

Jessica Wang
