Subject: ATHEROS COMMUNICATION INC., FCC ID: PPD-AR5BMB5, Assessment NO.: AN05T4988, Notice#1

Question #1: Based upon recent FCC audit review, while using MPE calculation to justify RF Exposure compliance, the formula shall be based upon on separation distance of 20 cm with known output power and antenna gain. The calculated result shall be power density in mW/cm^2.

7/22/2005

Please redo the MPE calculation and submit modified test report.

Ans: The Test Rpt had been revised. In future we'll use this version. Thank you for advice.

Question #2: In the request for confidentiality letter, there are many documents listed but did not submit in this application. Please review your request Vs the submitted document and make necessary changes.

Ans: Attached please find revised request for confidentiality letter.

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
