FCC ID: 2ADHKWBZ451

Models: WBZ451PE, WBZ451UE, WBZ451PC, WBZ451UC

HVIN: WBZ451PE, WBZ451UE, WBZ451PC, WBZ451UC

Declaration on Similarity

We herewith confirm that for the models listed above the RF Transmitter Module is Electrically Identical.

All models are identical to each other in the circuit design, PCB layout and use of component sources except for the change highlighted in table below. The output power configuration is fixed by software settings; No change in the RF section of the SoC.

The Trust&GO is a pre-configured and pre-provisioned secure element of Microchip's family of security focused devices. The module variants integrate Trust&GO option. The differences are in the model numbers and in the digital data interface.

Model Number	Description
WBZ451PE	Module with PCB antenna
WBZ451PC	Module with PCB antenna and Trust&Go
WBZ451UE	Module with u.FL connector for external antenna
WBZ451UC	Module with u.FL connector for external antenna and Trust&Go
