Re: Professional Installation Required

FCC ID: NM5-A2400S

Since the equipment used in the above referenced FCC ID has standard RF connectors, the system must be professionally installed. The installer shall be responsible for ensuring that the proper antenna is employed so that the limits specified in Part 15.247 (b) are not exceeded.

A handwritten signature in black ink, appearing to read 'm. young', with a large, stylized loop at the end.
