

Important Safety Precautions

Model: HP-065

When using your Vivitar Bluetooth Headphones, basic safety precautions should always be followed, including the following:

1. READ ALL INSTRUCTIONS BEFORE USING YOUR HEADPHONES.
2. Do not use your headphones near water. Clean using a dry or slightly moist cloth.
3. Do not place your headphones on any wet surfaces.
4. Do not allow children or the infirm to play with your headphones without adult supervision.
5. Do not expose your headphones to excessive heat, flames or fire.
6. Always press all buttons or switches carefully. Do not manhandle your headphones.
7. Do not use in extremely dry environments, as this can lead to static discharge during usage.
8. Do not expose your headphones to temperatures above 40°C. Keep out of direct sunlight.
9. Do not attempt to repair this product yourself. Contact a qualified service center if your headphones are in need of service.
10. Do not drop, puncture or expose your headphones to excessive trauma.
11. Your headphones are not intended for commercial use.
12. Unplug this device when not in use for long periods of time or during lightning storms.
13. Do not place near objects that generate a strong magnetic field.

Maintenance and Care

- Before using your headphones, inspect the ports to make sure that they are clear of dust and debris before charging.
- Use a soft cloth to clean your headphones. Never use any harsh chemicals or detergents. Make sure your headphones are dry before using.
- When your headphones are not in use, they should be stored in a cool, dry place.
- Never tug or yank on the charging cable while it is connected to your headphones. Connect and disconnect this cable as carefully as possible.
- Never expose your headphones to high temperatures, extreme cold, high humidity or excessive moisture or water.
- Please recycle or dispose of your headphones properly based on the laws and rules of your municipality. Contact local recycling facilities and/or the manufacturer of your headphones for further information.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
