

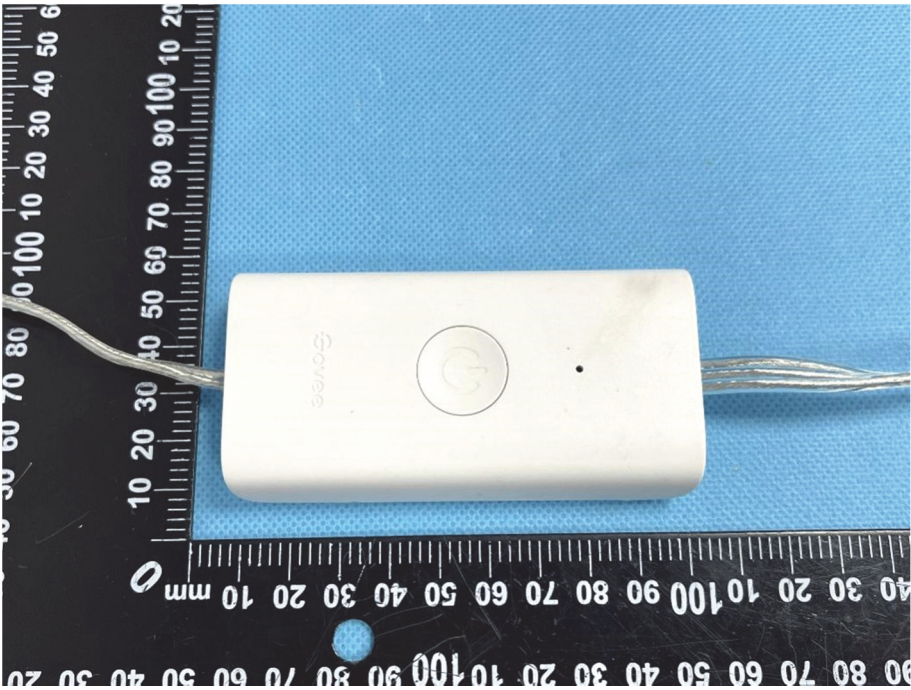

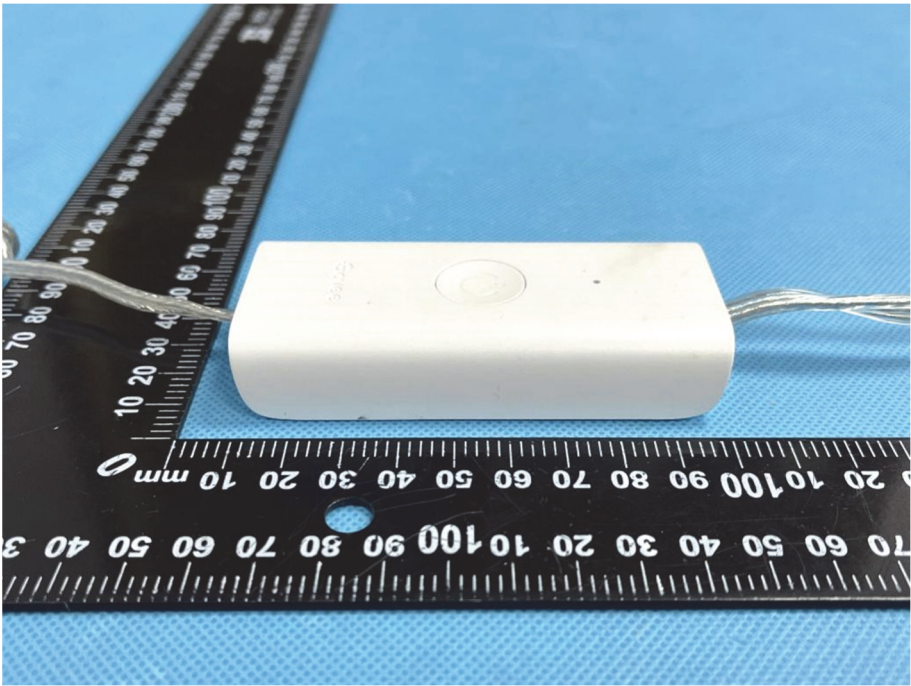

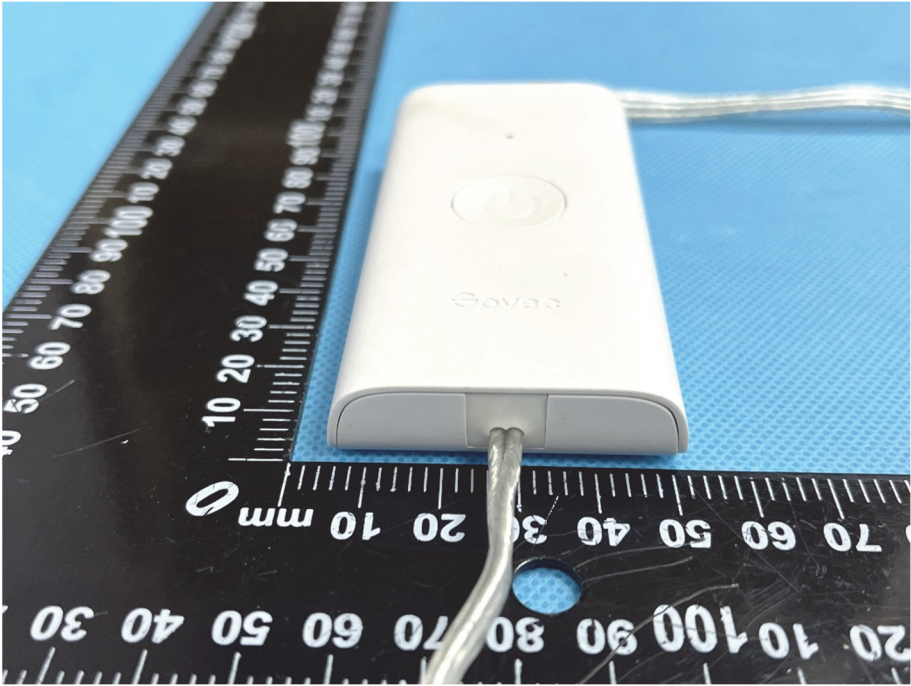

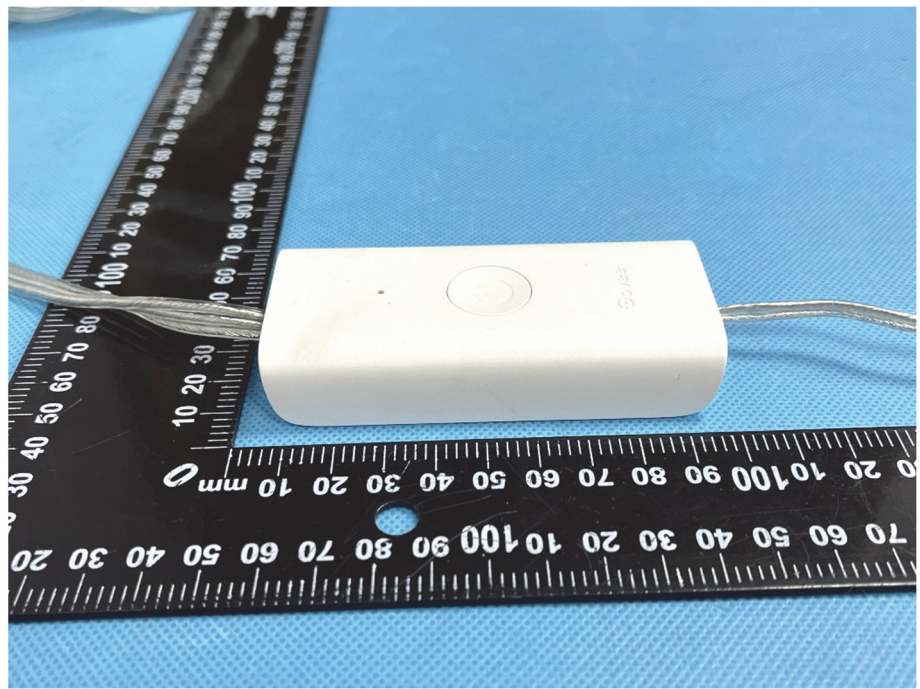

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

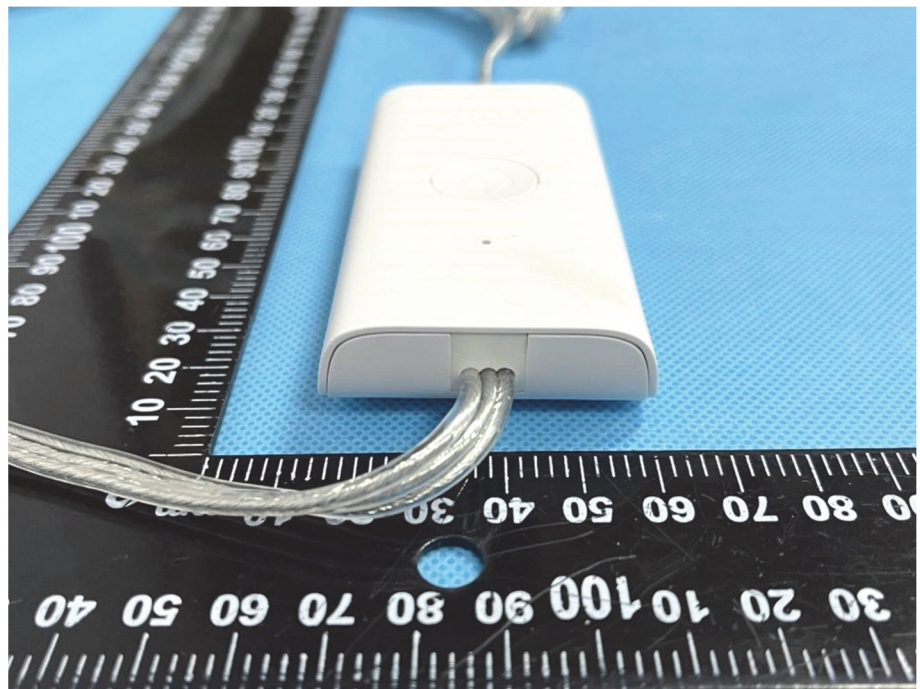

EUT View 1	 This photograph shows a collection of electronic components and cables laid out on a blue surface. On the left, there is a large, tangled mass of white cables, some of which are bundled together with blue ties. In the center, there are two small, white, rectangular components, one of which is labeled '3M'. To the right, there is a clear plastic bag containing several small, white, rectangular components, and a smaller clear plastic bag containing a few small, black, circular components. A ruler is placed horizontally at the bottom of the image for scale.
EUT View 2	 This photograph is a close-up of a white, rectangular component with rounded edges. The component has a circular logo in the center, which appears to be a stylized 'G' or a similar symbol. The component is placed on a blue surface. A ruler is placed vertically to the left of the component, and another ruler is placed horizontally below the component, both for scale.
