

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of an EUT housing. The top half shows the black plastic housing with a circular opening. The bottom half shows the internal board with a large copper coil, a yellow battery, and various electronic components. A ruler is visible on the left and bottom edges for scale.
Solder Board-Component View 1	 A photograph showing a close-up of the solder board-component. The board is green and populated with various electronic components, including a large copper coil, a yellow battery, and a USB port. A ruler is visible on the left and bottom edges for scale.

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) with a yellow battery attached. The battery has a white label with the following text: "GPC 706176 3.7V", "4000mAh 14.8Wh", and "+ 20220304 00415". The PCB is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) with a circular copper coil attached. The coil is connected to the PCB by two thin wires. The PCB is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

Solder Board-Component View 4	 A photograph of a small, circular, dark-colored component with two thin wires (one orange, one black) attached. It is positioned next to a green printed circuit board (PCB) which has various electronic components. Both are placed on a blue textured surface. A black ruler with white markings is visible at the bottom and left, showing measurements in millimeters.
Solder Board-Component View 5	 A photograph of a rectangular, yellow battery component with a white label. The label contains text: "GFC 706176", "14 84h", "00419", and "4000mAh". It is placed on a blue textured surface. A black ruler with white markings is visible at the bottom and left, showing measurements in millimeters.
