

Solder Board-Component View 2	 A photograph of a black printed circuit board (PCB) component, labeled 'LOCKLY' and 'WTX22X01008613W-1', resting on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. A multi-colored cable is connected to the top of the board.
Solder Board-Component View 3	 A photograph of the same black PCB component, labeled 'LOCKLY' and 'WTX22X01008613W-1', resting on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. A multi-colored cable is connected to the top of the board.

Solder Board-Component View 4	 A photograph of a black printed circuit board (PCB) with various electronic components, including a large central chip and several smaller components. The board is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the board, showing measurements from 0 to 100 mm. A black cable with a braided shield and a multi-colored wire is connected to the top of the board.
Solder Board-Component View 5	 A photograph of a small green PCB component with a circular metallic pad and a small rectangular component. The component is placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 100 mm.
