

1. For additional safety best practices information, see the Regulatory Compliance Homepage at [www.dell.com/regulatory\\_compliance](http://www.dell.com/regulatory_compliance)

## Finding Information and Resources

See the safety and regulatory documents that shipped with your computer and the regulatory compliance website at [www.dell.com/regulatory\\_compliance](http://www.dell.com/regulatory_compliance) for more information on:

- Safety best practices
- Regulatory certification
- Ergonomics

See [www.dell.com](http://www.dell.com) for additional information on:

- Warranty
- Terms and Conditions (U.S. only)
- End User License Agreement

Additional information on your product is available at [www.dell.com/support/manuals](http://www.dell.com/support/manuals)

2. Select Product Regulatory Datasheets

### Regulatory Compliance Policy

Dell Inc. (Dell) is committed to compliance with the laws and regulations in each country into which the company ships our products. Dell products are designed and tested to meet the appropriate worldwide standards for Product Safety, Electromagnetic Compatibility, Ergonomics and other regulatory compulsory requirements, when used for their intended purpose.

### Contact Details for Regulatory Compliance Website

Please click the hyperlinks below for frequently requested documentation

Documentation Type		Location
All Customers	Regulatory Datasheets	<a href="#">Product Regulatory Datasheets</a>
	European Union Declaration of Conformity	<a href="#">EU DoC</a>
	IATA Battery Declaration	<a href="#">Dell Battery Declaration</a>
	MSDS documentation	<a href="#">Batteries and Printers</a>

3. Select Modem, Wireless and Mobile Broadband Devices

#### Product Datasheets

**Product Datasheets**

- [Dell Product Safety, EMC and Environmental Datasheets](#)
- [Dell Printer Datasheets](#)
- [Archived Datasheets](#)

**Search Within**

Please select the Product Safety, EMC and Environmental Datasheet for your product. Upon reviewing the product-specific Product Safety, EMC and Environmental Datasheet, confirm your product's EMC classification (Class A or Class B) and utilize this information to identify the appropriate agency test documented within the following link: [EMC Regulatory Notices](#).

If you elected to purchase or if your Dell computer was shipped with a Modem, Wireless and/or Mobile Broadband device, please refer to the [Modem, Wireless and Mobile Broadband Device](#) page for the applicable regulatory notice text for your device.

The European Union Declaration of Conformity (EU DoC) is the manufacturer's declaration that the product complies with applicable directives of the EU. To download a copy of the EU DoC for a specific product, please select that product from the list located at [EU DoC](#).

4. Select Regulatory Information for Your RFID Device

#### Modem, Wireless and Mobile Broadband Devices

### **FCC Radiation Exposure Statement**

**WARNING:** The radiated output power of this device is below the FCC radio frequency exposure limits. Nevertheless, this device should be used in such a manner that the potential for human contact during normal operation is minimized. This device has been evaluated for and shown compliant with the FCC RF Exposure limits under **mobile** exposure conditions (antennas are greater than 20cm from a person's body). This device has also been evaluated for and shown compliant with the FCC RF exposure limits under **portable** exposure conditions (antennas are within 20 cm of a person's body) when installed in certain specific configurations. Details of the authorized configurations can be found at <https://fjallfoss.fcc.gov/oetcf/eas/reports/GenericSearch.cfm> by entering the FCC ID number on the device.

### **Interference Statement**

These devices comply with Part 15 of the FCC Rules. Operation of the devices is subject to the following two conditions: (1) The devices may not cause harmful interference, and (2) The devices must accept any interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy. If the equipment is not installed and used in accordance with the instructions, the equipment may cause harmful interference to radio communications. There is no guarantee, however, that such interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception (which can be determined by turning the equipment off and on), the user is encouraged to try to correct the interference by taking one or more of the following measures :

- Relocate this device.
- Increase the separation between the device and the receiver.
- Connect the device into an outlet on a circuit different from that of other electronics.
- Consult the dealer or an experienced radio technician for help.

**NOTE:** Dell RFID devices must be installed and used in strict accordance with the manufacturer's instructions as described in the user documentation that comes with the product. Any other installation or use will violate FCC Part 15 regulations. Modifications not expressly approved by Dell could void your authority to operate the equipment.
