**Re: Sierra Wireless Inc.
FCC ID: N7NAC710
FCC Part 24 Certification**

Gentlemen:

The AirCard 710 is a single-mode PCS GSM device for the U.S. market. This device is also manufactured for the European market as a tri-band tri-mode unit incorporating GSM 900MHz and DCS 1800MHz frequencies. These modes are not applicable for the U.S. version, however are made mention to in the radio calibration procedure document and the radio base-band interference document in this filing. We hereby confirm that the references to GSM 900MHz and DCS 1800MHz operating frequencies are not applicable for the AirCard 710 U.S. version listed in this filing.

Sincerely,

A handwritten signature in black ink that reads "Bill Andrews". The signature is written in a cursive, flowing style.

Bill Andrews
