

4.2 Test Setup Photographs Unintentional Radiated Emission(30MHz - 1000MHz)

☐ Applicable

Figure 4.2 - Radiated Emission Test Setup - Front View

Figure 4.3 - Radiated Emission Test Setup - Side View

4.3 Test Setup Photographs Unintentional Radiated Emission(1000MHz - 2000MHz)

☐Applicable

Figure 4.4 - Radiated Emission Test Setup - Front View

Figure 4.5 - Radiated Emission Test Setup - Side View

4.4 Test Setup Photographs Intentional Radiated Emission(30MHz - 1000MHz)

☐ Applicable

Figure 4.6 - Radiated Emission Test Setup - Front View

Figure 4.7 - Radiated Emission Test Setup - Side View

4.5 Test Setup Photographs Intentional Radiated Emission(1000MHz - 18000MHz)

☐Applicable

Figure 4.8 - Radiated Emission Test Setup - Front View

Figure 4.9 - Radiated Emission Test Setup - Side View

4.6 Test Setup Photographs Intentional Radiated Emission(18000MHz - 26000MHz)

☐ Applicable

Figure 4.10 - Radiated Emission Test Setup - Front View

Figure 4.11 - Radiated Emission Test Setup - Side View

4.7 Test Setup Photographs Conducted Emission(0.15MHz - 30MHz)

☐ Applicable

Figure 4.12 - Conducted Emission Test Setup - Front View

Figure 4.13 - Conducted Emission Test Setup - Side View

4.8 Test Setup Photographs RF Conducted Tests (9kHz - 26000MHz)

☐ Applicable

Figure 4.14 – RF Conducted Tests Test Setup

4.9 Test Setup Photographs Frequency Stability

☐ Applicable
