FCC ID : AK8DWM02N Applicant : Sony Corporation

To Whom It May Concern:

This is to request a Class II permissive change for FCC ID: AK8DWM02N, originally granted on 10/08/2015.

The tests were performed on low, mid and high channels of the new frequency.

Therefore, the RF output power value and bandwidth have been changed.

Also, SAR testing was performed based on KDB206256 D01.

Please refer to attached "Test Report" and "Specification" for details of these modifications.

Meanwhile we submit the following documents related to this change. There is no change before and after change except for these documents.
