④ Ensure the printer is powered on and nearby. Select the printer to connect.

⑤ Once connected, select your file and start printing.

4. Printing via USB or Bluetooth on Computer

1. Install the Printer Driver

Download and install the printer driver from the CamScanner website: <https://www.camscanner.com/download>

2. Printing via USB

- ① Keep the printer powered on and connect it to your computer using the USB cable.
- ② Open the downloaded driver and complete the installation.
- ③ Select the file you want to print, then choose CSTPA4300F as your printer to start printing.

Tip: If the printer doesn't appear, reconnect the USB cable, then go to Add Printer to locate and add the device again.

3. Printing via Bluetooth

- ① Keep the printer powered on and enable Bluetooth on your computer.
- ② Open the Settings on your computer, then go to the Printer settings and add your printer.
- ③ Select the file you want to print, then choose CSTPA4300F (Bluetooth) as your printer to start printing.
