Congratulations!

Light Strip installation.

app set up.

You've completed the Outdoor Dynamic Effects Neon Shapable

**Next**, refer to the Quick Start Guide included in the package for

## 修改人

### 431.8mm

Final Step Trim to Size 1. After the strip is installed, determine if excess rope needs to be trimmed. 2. With your Rope Light **unplugged**, safely cut where the trim points are indicated in black. The rope can be trimmed **NOTE:** Cutting anywhere else will permanently damage ▲ Make sure the rope light is not plugged in at the wall when cutting. 3. Add glue and insert the end cap on the end of the rope light. **Manually Enable Light Shows** 1. Unplug, then plug your light strip back in to detect its new length. This is important to enable dynamic light shows. 2. Cycle through light shows by pressing the color button.

### **Additional Information** and Warnings

FCC Compliance Statement: ▲ Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. • Consult the dealer or an experienced radio/TV
- technician for help. The device must not be co-located or operating in conjunction with any other antenna or transmitter. This device complies with Part 15 of the FCC Rules. Operation is subject to the following
- two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
- FCC RF Radiation Exposure Statement: To maintain compliance with the FCC's RF exposure guidelines,

This device complies with RSS247 of Industry Canada. Cet appareil se conforme à RSS247 de Canada d'Industrie. This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

(1) this device may not cause interference, and (2) this device

must accept any interference, including interference that may

cause undesired operation of the device. Appareils radio exempts de licence. Son fonctionnement est sujet aux deux conditions suivantes: (1) le dispositif ne doit pas produire de brouillage prejudiciable, et (2) ce dispositif

doit accepter tout brouillage recu, y compris un brouillage susceptible de provoquer un fonctionnement indesirable. This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This transmitter

must be installed to provide a separation distance of at least

20cm from all persons and must not be collocated or operating in conjunction with any other antenna or transmitter. Cet équipement est conforme aux limites d'exposition aux rayonnements IC RSS-102 définies pour un environnement non contrôlé. Cet émetteur doit être installé pour fournir une distance de séparation d'au moins 20 cm de toutes les personnes et ne doit pas être colocalisé ou fonctionner en conjonction avec une autre antenne ou émetteur.
