Subject: Request for **Permanent Confidentiality**
FCC-ID: 2AP3M-G1

To whom it may concern:

In accordance with §0.457(d) and §0.459 of CFR 47, **iBeat Inc DBA 100Plus** requests permanent confidentiality for documents filed under the following exhibit types:

1. Block Diagram
2. Schematic Diagram
3. Part List
4. Operational Description

These items contain detailed system and equipment description and related information about the product which we consider to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since the design is a basis from which future products will evolve, we also feel that this information would be of benefit to our competitors and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

We are aware that exhibit types *cover letters, attestations, label document, test reports, RF exposure information (SAR and MPE reports)* cannot be requested to be classified confidential and are thus subject to publication, as will be documents of all other exhibit types for which we have not requested a confidentiality classification.

Thank you for your consideration,
