# WIRELESS HEADPHONE WITH FLEXIBLE MIC

ITEM VWC105  
USER'S MANUAL  
FCCID: 2AL9B-VWC105

BC

Thank you for purchasing the Vivitar Wireless Headphone with Flexible Mic, item VWC105. Use your headphone when working at home or staying in touch with family and friends. Please read this manual carefully FIRST in order to get the most out of your headphone.

## A Quick Look

- Press and hold the power button to power on or power off your headphones.
- Press the PLAY/PAUSE button to play or pause a track.
- Press the Previous Track/ Volume - Button to decrease the volume. Press and hold to return to the last track in a playlist.
- Press the Next Track/ Volume + Button to increase the volume. Press and hold to advance to the next track in a playlist.
- Press the Answer button to accept or end a phone call. Press and hold to reject an incoming call.
- Press and hold the VOICE ASSISTANT button for 1s to activate Siri or Google Voice Assistant.

## Charging

- The included USB charging cable has a Micro USB plug and a standard USB plug.
  - Insert the USB charging cable's Micro USB plug into the charging port on your headphones.
  - Insert the USB charging cable's standard USB plug into the USB port of a computer or suitable USB charging adapter.
  - The LED indicator light turns red while the headphones are charging then turns blue once charging is complete.
- (red) = Charging  
(blue) = Charging Complete

## Bluetooth Pairing

- Press and hold the power button to power on your headphones.
- The LED indicator lights will alternately flash red and blue to indicate that your headphones are in pairing mode.
- Go to the Bluetooth settings menu on your phone. Make sure that Bluetooth is turned on. Connect to the device listed as "WFH\_V1."
- The LED indicator light will slowly flash blue to indicate that your headphones are paired with your phone.

## Safety Precautions

When using your headphones, basic safety precautions should always be followed, including the following:

1. READ ALL INSTRUCTIONS BEFORE USING YOUR HEADPHONES.
2. Do not use your headphones near water. Clean using a dry or slightly moist cloth.
3. Do not place your headphones on any wet surfaces.
4. Do not allow children or the infirm to play with your headphones without adult supervision.
5. Do not expose your headphones to excessive heat, flames or fire.
6. Always press all buttons carefully. Do not manhandle your headphones.
7. Do not use in extremely dry environments, as this can lead to static discharge during usage.
8. Do not expose your headphones to temperatures above 40°C. Keep out of direct sunlight.
9. Do not attempt to repair this product yourself. Contact a qualified service center if your headphones are in need of service.
10. Do not drop, puncture or expose your headphones to excessive trauma.
11. Your headphones are not intended for commercial use.
12. Do not place near objects that generate a strong magnetic field.
13. Use only the supplied charging cables. Unplug this device when not in use for long periods of time or during lightning storms.
14. Use a soft cloth to clean your headphones. Never use any harsh chemicals or detergents. Make sure your earphones are dry before charging.
15. Please recycle or dispose of your earphones properly based on the laws and rules of your municipality. Contact local recycling facilities and/or the manufacturer of your earphones for further information.

## Vivitar One Year Warranty

This warranty covers the original consumer purchaser only and is not transferable.

This warranty covers products that fail to function properly UNDER NORMAL USAGE, due to defects in material or workmanship. Your product will be repaired or replaced at no charge for parts or labor for a period of one year.

### What Is Not Covered by Warranty

Damages or malfunctions not resulting from defects in material or workmanship and damages or malfunctions from other than normal use, including but limited to, repair by unauthorized parties, tampering, modification or accident.

### To Obtain Warranty Service and Troubleshooting Information:

Call 1-800-592-9541 in the U.S. or visit our website at [www.vivitar.com](http://www.vivitar.com).

To receive Warranty service along with the name and address of an authorized product service center, the original consumer purchaser must contact us for problem determination and service procedures. Proof of purchase in the form of a bill of sale or receipted invoice, evidencing that the product is within the applicable Warranty period(s), MUST be presented in order to obtain the requested service. It is your responsibility to properly package and send any defective products along with a dated copy of proof of purchase, a written explanation of the problem, and a valid return address to the authorized service center at your expense. Do not include any other items or accessories with the defective product. Any products received by the authorized service center that are not covered by warranty will be returned unrepaid.

## FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
