Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the warranty. It is advised to consult the manufacturer for more information.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential environment. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communication.

However, there is no guarantee that interference will not occur in a particular situation. If the equipment does cause harmful interference, you can attempt to correct the interference by one or more of the following measures:

A) Reorient or relocate the receiving antenna.

B) Increase the separation between the equipment and receiver.

C) Consult the dealer or an experienced radio/TV technician for help.
