Dear Helen,

Question #1: Form 731 listed "iJet" as Product code, so the FCC ID is QNPiJet, which does not agree with FCC ID on the label format. However, there is one more issue here, based upon FCC 2.926, FCC ID shall consist of a series of Arabic numerals, capital letters or a combination thereof... Letters in lower case are not allowed. Please modify the FCC ID label format and the FCC ID on the other exhibits in the filing.

<-----Attached please find the revised confidential letter, report, FCC ID LAB, external photo and internal photos for changed FCC ID: QNP-iJet to QNP-IJET (please revise the product code to "-IJET").

Thank you,  
Vesta
