RE: Confidentiality Request
FCC ID: VBNFWFA-01

Pursuant to Sections 0.457 and 0.459 of the commission's rules, we hereby request that the following documents be held confidential:

- Operation Description (Theory of Operation)
- Block Diagram
- Schematics/Parts List
- Tuning/Calibration Procedure
- Internal Photos
- User Manual

These materials contain trade secrets and proprietary information and are not customarily released to the public. The public disclosure of this information might be harmful to the company and provide unjustified benefits to our competitors.

Sincerely,

A handwritten signature in black ink, which appears to read "Steve Mitchell", is located below the "Sincerely," text.

Steve Mitchell
Compliance Engineer

February 4th, 2015

To whom it may concern:

This is a request to hold the internal photos and user manual for FCC ID: **VBFWFA-01** under long term confidentiality. The transmitter is a Base Station where access is controlled and only available to trained personnel. Please note that the internal photos are being asked to be confidential under the FCC guidelines that this is a non-consumer device (Base Station) and is inaccessible to the general public due to the location of the device and it is only serviceable by the licensee or his designated technicians. The user manual is being requested to be confidential under the FCC guidelines that the manual is very technical and is not provided to the general public. The user manual contains proprietary information required for trained installers to commission the base station. The user manual will be used by the licensee or his designated technicians only.

Nokia Solutions and Networks have spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of design will result in financial hardship.

Sincerely,

A handwritten signature in black ink, which appears to read "Steve Mitchell", is written over a horizontal line.

(Signature/Title)

The name "Steve Mitchell" is printed in a black, sans-serif font, positioned over a horizontal line.

(Printed name)
