Re: **FCC ID: DGF-TSSDW4014V**

**Re: Request for confidentiality**

To whom it may concern,

Request is hereby submitted by 3M Company to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC ID. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Parts List
- Internal Photos

Rationale for request for confidentiality:

3M Company has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

This device is to be used solely by law enforcement agencies for defender tracking purposes and will not be available to the public. The device has molded plastic enclosure which is not accessible to the users at any time.

A handwritten signature in black ink, appearing to read "Yuriy Litvinov".
