

User Guide

Smart Bracelet ID128Color HR

Thanks for choosing our device, please read the user guide carefully before using.

Setting

Use VeryFitPro on iOS or Android smart phone to set the wristband as follows:

Note: hardware and system of devices should meet the requirements:

1. Download VeryFitPro

Search and download

Search and download "VeryFitPro" from the Apple Store or Android App store.

Scan the QR code and download

It probably has a problem to open the link with WeChat or other scan tools, please copy the link and open it through browser.

01

2. Product activation and installation

The product must be activated by charging before initial use, and then charge the product to ensure normal power supply. The hand ring will automatically power on.

Take out: Pull open the strap and take out the bracelet body.

Charge the battery: Insert the chip-mounted end of the bracelet body into the USB interface to activate the product by charging (be cautious not to reverse the polarity, and comply with the required voltage and current: 5V / 500mA).

Installation: Mount the bracelet body into the slot of the wrist strap.

Wear on: Adjust the length of the wrist strap until it is appropriate to wear on the wrist.

02

3. Touch key

Single click the touch key:
Interface switch
Press and hold the touch key:
Enter

4. Make sure the Bluetooth of smart phone is ON, open app"VeryFitPro"

When selecting the right band from the search list, please slide the screen of wristband to wake up the device and then complete connecting.

Know your Device

1. Wearing Method

Wear the device on your wrist horizontally, about 2cm to carpal, the same method as wearing watches.

2. Heart Rate Monitoring

To monitor Heart Rate more accurately, please wear the device on the upper position of your wrist and a bit tighter than usual when you are taking exercise.

03

3. Heart Rate Monitoring

Automatic heart rate Monitoring is ON as default, monitor Heart Rate all the day automatically.
