

December 8, 2021

Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road

Ref: Cobra Electronics Corporation's FCC ID: BBOIRADD5

To Whom It May Concern,

Due to EOL parts, the Bluetooth module in the above referenced FCC ID had to be replaced. The only difference is the base part number; it was a pin to pin change and all electronics are identical to the original filing.

We have completed testing so show that it continues to meet the FCC requirements.

The test report is included in this filing.

If you should require any additional information, please let us know.

Sincerely,

Sharon Hoffman
Agent, Timco Engineering, Inc.
