

Solder Board-Component View 4	 A photograph of a custom metal component, likely a solder mask or stencil, placed on a blue textured surface. The component has a complex shape with a central rectangular cutout and several circular holes. It is positioned next to a black ruler with white markings, which shows dimensions in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mm mark at the bottom.
Solder Board-Component View 5	 A photograph of a small, white, rectangular component, possibly a solder mask or stencil, placed on a blue textured surface. The component is positioned next to a black ruler with white markings, which shows dimensions in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mm mark at the bottom.

Solder Board-Component View 6	 A photograph showing a small, rectangular, light blue component with a multi-colored ribbon cable attached. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters, with the component positioned between the 10mm and 20mm marks.
Antenna View	 A photograph of a white printed circuit board (PCB) with various electronic components. A red box highlights a specific component, and a red line points from a label "2.4GHz Antenna" to it. The PCB is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters, with the PCB positioned between the 10mm and 20mm marks.
