

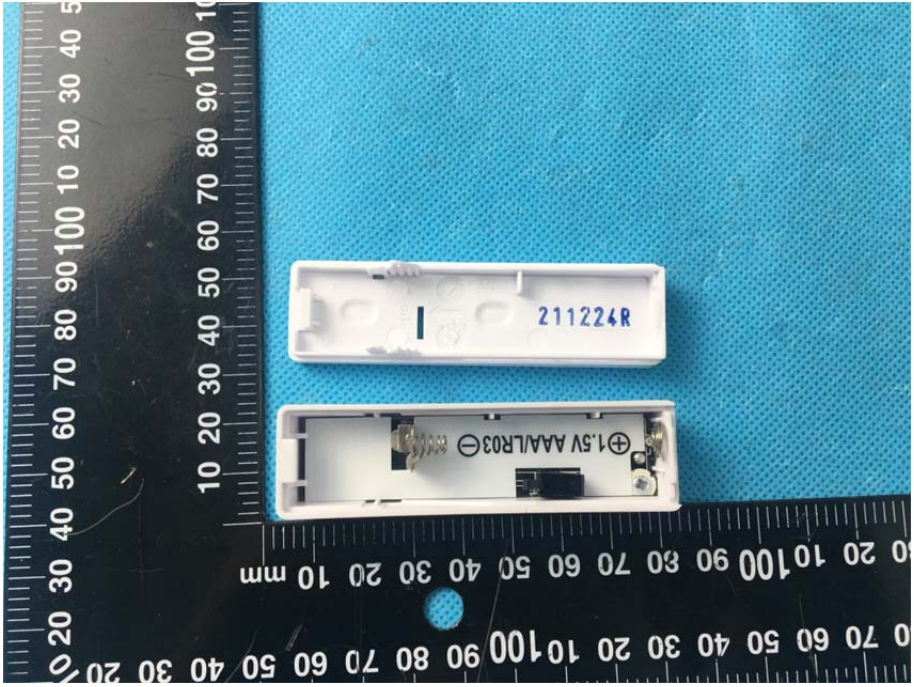

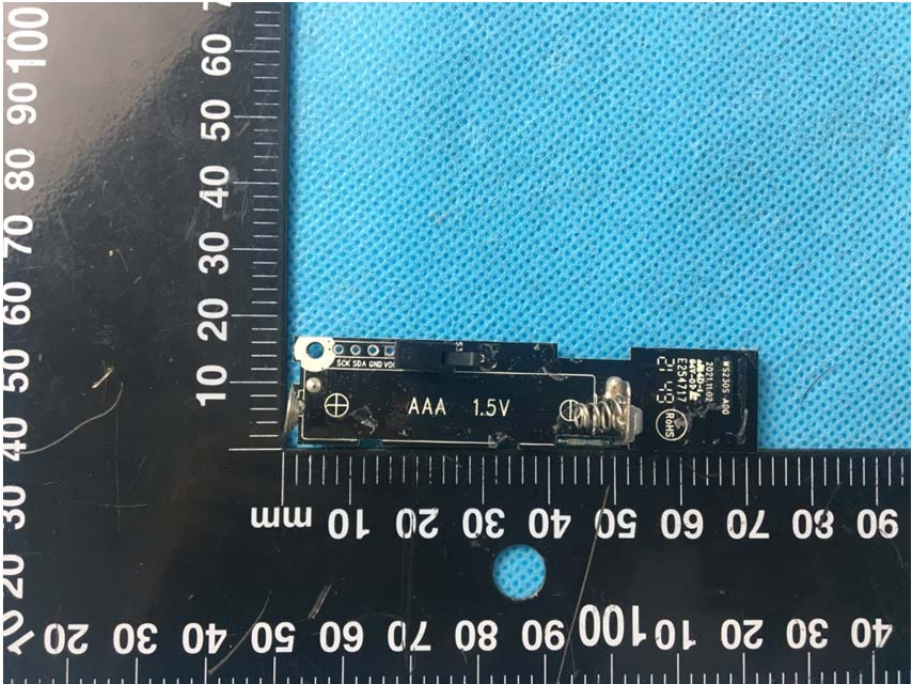

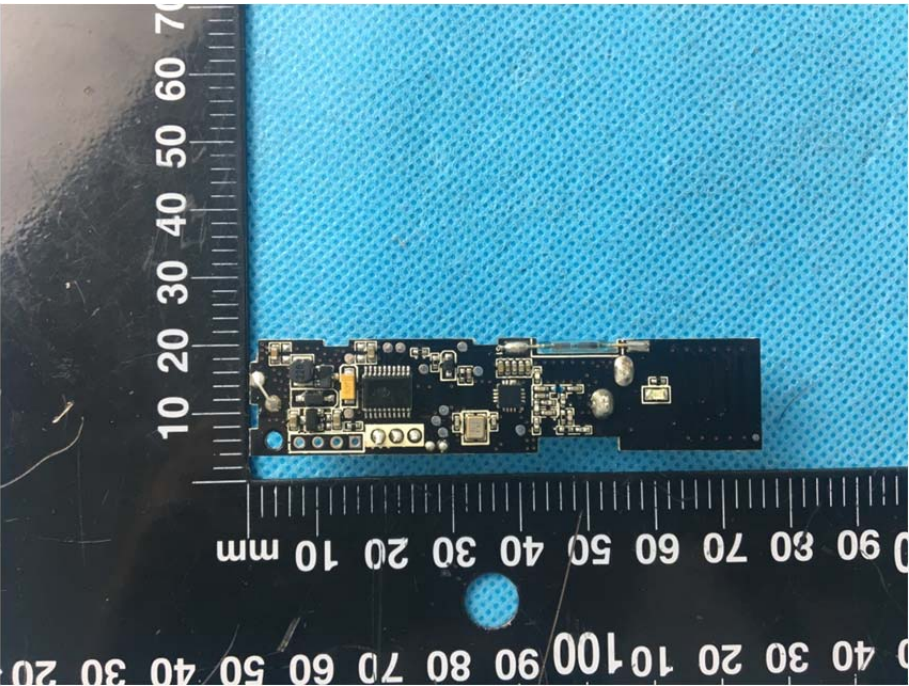

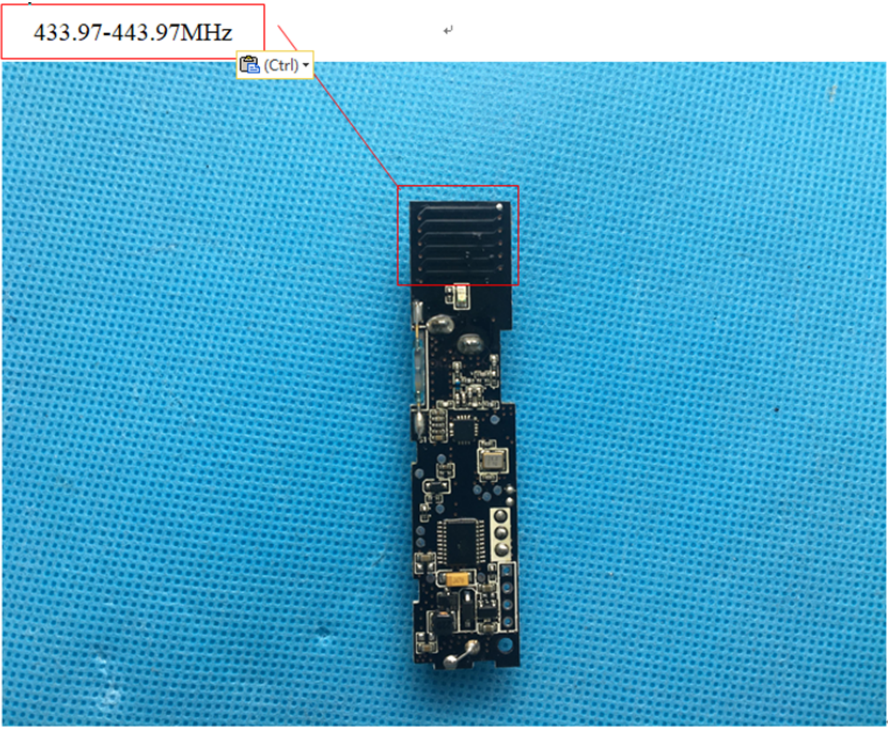

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
Solder Board-Component View 1	

Solder Board-Component View 2	 A photograph of a small, rectangular electronic component (likely a module) mounted on a blue textured surface. The component is positioned horizontally. A black ruler with white markings is placed vertically to the left of the component, showing measurements from 10 to 70 mm. The component itself has various electronic components visible, including a microcontroller, capacitors, and a small antenna structure.
Antenna View	 A photograph of the same electronic component, oriented vertically. A red rectangular box highlights the antenna structure at the top of the component. A red line points from a text box above the box to the antenna. The text box contains the frequency range "433.97-443.97MHz" and a small icon with the text "(Ctrl)".
