⚠ WARNINGS AND CAUTIONS

- To avoid personal injury and/or possible product damage, the following cautions must be followed:
 - Risk of electrical shock. Disconnect power at fuse or circuit breaker before installing or servicing.
- To prevent early lamp failure, lamp should only be installed in operating environments ranging between: -20°C and +40°C (-4°F and +104°F)
- Suitable for damp locations.
- Not for use with dimmers.
- Lamp dims via wireless control and will not operate with a dimmer switch.
- Fully dimmable via compatible smart home app (Not compatible with traditional wall dimmers.)
- Not for use in totally enclosed luminaires.
- Not for use in emergency light fixtures or exit signs.
- Ensure fixture can support the added weight of the lamp/bulb.
- Smart Plug is designed to be used for low-power load equipment such as table/floor lamps, computers, and AV equipment. Do not use with high-power loads such as microwaves, coffee pots, refrigerators, washers/dryers, toasters, hair dryers, or space heaters. Make sure the Plug is well sealed in wall outlet.

LIMITED WARRANTY

The manufacturer warrants the product to be free from defects in materials and workmanship for two (2) years (non-Energy Star certified product) and three (3) years (Energy Star certified product) from the date of purchase. If the product is used as directed, Failure to comply with Product warnings shall void the warranty. This warranty does not cover product subject to accident, neglect, misuse, misapplication or other abuse. Product failure to operate within the warranty period may require repair of the product at the same or similar product, at no charge. LABOR IS NOT INCLUDED. Product should be returned, together with proof of date of purchase, to the retail store where Product was purchased. For more information, please call 1-800-451-2828 or 1-800-4LIGHTBULB (1-800-544-4238); Email: lightbulbs@edvance.com. THIS IS THE EXCLUSIVE REMEDY AVAILABLE. LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING ATTORNEY'S FEES, IN ANY STATE AND JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE REMEDY MAY NOT BE SUFFICIENT FOR ALL DAMAGES. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE OR PROVINCIAL JURISDICTIONS. THIS WARRANTY DOES NOT APPLY TO CUSTOMERS PURCHASING THE PRODUCT FOR RESIDENTIAL USE ONLY.

Federal Communication Commission Interference Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Industry Canada license-exempt RSS standards. Operation is subject to the following two conditions:

(1) This device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

FCC Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must be co-located or operated in close proximity to the receiving equipment. This transmitter. For more information go to www.fcc.gov/ce4/fccpart15b, CAN ICES-3005 (B) / NMB-0005 (B).

Radiation Exposure Statement:
This equipment complies with radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20cm between the radiator and your body.

WiFi Plug (75702-1, 75703-1, 75756-1):

- Pollution degree: 2
- Rated impulse voltage: 1500V

Sylvania smart devices equipped with a WiFi+Bluetooth module that will help expedite the pairing process. Make sure that Bluetooth is enabled on your smartphone or tablet and the Sylvania Smart WiFi app will establish a connection with the smart device by a random negotiated key to complete the Bluetooth network configuration.
