

Attention:
Application Examiner

Re: C2PC Request

Applicant: The Procter & Gamble Co.

FCC ID: 2AG9A921180

To whom it may concern,

Request is hereby submitted by Procter & Gamble for a C2PC for grant 2AG9A-921180. The firmware was changed, and the duty cycle and overall emissions were reduced. The duty cycle was reduced to accommodate a smaller separation distance from the enclosure. The duty cycle calculation is in the operational description.

Sincerely,

Engineer
The Procter & Gamble Co.
