Request for Modular Approval for  
FCC ID: **TVE-111T15C**

| Item | Requirements                                                                                                                                                                               | EUT                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.   | The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly | The module is limited to be installed in specific host, FORTINET FWF-80F-2Rxxxxxx, FortiWiFi 80F-2Rxxxxxx, FORTIWIFI-80F-2Rxxxxxx FWF-81F-2Rxxxxxx, FortiWiFi 81F-2Rxxxxxx, FORTIWIFI-81F-2Rxxxxxx, FWF-80F-2R-3G4G-DSLxxxxxx, FortiWiFi 80F-2R-3G4G-DSLxxxxxx, FORTIWIFI-80F-2R-3G4G-DSLxxxxxx, FWF-81F-2R-3G4G-DSLxxxxxx, FortiWiFi 81F-2R-3G4G-DSLxxxxxx, FORTIWIFI-81F-2R-3G4G-DSLxxxxxx, FortiGate 80F-POExxxxxx, FORTIGATE-80F-POExxxxxx, FG-80F-POExxxxxx, FortiGate 81F-POExxxxxx, FORTIGATE-81F-POExxxxxx, FG-81F-POExxxxxx, FortiWiFi 80F-2R-POExxxxxx, FORTIWIFI-80F-2R-POExxxxxx, FWF-80F-2R-POExxxxxx, FortiWiFi 81F-2R-POExxxxxx, FORTIWIFI-81F-2R-POExxxxxx, FWF-81F-2R-POExxxxxx, FortiWiFi 80F-2R-3G4G-POExxxxxx, FORTIWIFI-80F-2R-3G4G-POExxxxxx, FWF-80F-2R-3G4G-POExxxxxx, FortiWiFi 81F-2R-3G4G-POExxxxxx, FORTIWIFI-81F-2R-3G4G-POExxxxxx, FWF-81F-2R-3G4G-POExxxxxx (where "x" can be used as "A-Z", or "0-9", or "-", or blank for software changes or marketing purposes only) |
| 2.   | The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal                                         | The module has buffer modulation / data inputs.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

|    |                                                                                                                                                                                                                     |                                                                                                                                                                                                               |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 3. | The module must contain power supply regulation on the module                                                                                                                                                       | The module has its own power supply regulation.                                                                                                                                                               |
| 4. | The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b) | The antenna of this module complies with the requirement.                                                                                                                                                     |
| 5. | The module must demonstrate compliance in a stand-alone configuration                                                                                                                                               | The module conformance testing is performed in specific host mentioned in item 1.                                                                                                                             |
| 6. | The module must be labeled with its permanently affixed FCC ID label, or use an electronic display                                                                                                                  | The module transmitter will be labeled with its own FCC ID, and for OEM integration the integration manual contains labeling instructions for the host device per Part 15.212 (vi)                            |
| 7. | The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee                                                  | The module approved transmitter complies with all applicable rules and the integration manual contains any specific requirements addressed to the integrator and/or to the end-user of the final end-product. |
| 8. | The module must comply with RF exposure requirements                                                                                                                                                                | The module complies with the FCC RF exposure requirements for fixed and mobile applications. RF exposure is addressed in the RF exposure exhibit.                                                             |

Sincerely yours,

---
