Function Operation:

1. Bluetooth instruction(Note: The device is AF-MCB15, pair code:0000)
Making switch to "ON" for the first time, hear a boot tone and blue led light flash quickly, speaker will automatically enter pairing mode. Start the Bluetooth function of your mobile phone and searching "AF-MCB15", connect to it. Enter "0000" if asked for a pass code. It will show another tone after pair successfully. The speaker is ready for use.
2. Hands free function
When listening music via Bluetooth, if someone calling you, the music will be interrupted automatically. Answer the calling and you can talk and hear clearly from the speaker directly, instead of mobile phone. Press the middle button for hanging up. The effective distance between Bluetooth speaker and your mouth is within 1m.
3. Line in function
Plug the provide Line in cable into the speaker' s 3.5mm port then into your mobile device. It is ready to play music with the speaker. The Answer/End call/ Play/Pause/Previous/Next buttons on speaker only work when connected wireless via Bluetooth.
4. After switch to "ON" , if no Bluetooth device nearby,

the speaker will be standby after 5minutes, if over 10minutes, the speaker will be closed automatically and meanwhile, you can hear prompt tone.

5. Recharging battery:
Plug the provided USB charging cable into the speaker and an active computer USB port. The signal light turns red, and will keep red when charging. It will die out after full charged.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
