A photograph showing the interior of a laboratory chamber. The chamber has a dark, possibly wooden or metal, upper section and a lower section with a light-colored, textured wall. A horizontal metal beam runs across the middle. On the right side, there is a control panel with a digital display and buttons. Below the beam, there is a large, light-colored electronic device with a blue handle and a small display. To its right is a smaller, black electronic device. Various cables and wires are visible, some connected to the equipment. The floor is a light-colored, smooth surface.
