Columbia, MD 21046

**FROM:** Lyft, Inc.

**DATE:** April 15, 2019

**RE:** Request for Permanent Confidentiality  
**FCC ID:** 2ASMPBIT0109

To Whom It May Concern:

Pursuant to 47 C.F.R. §§0.457(d) and 0.459, and KDB 726920, Lyft, Inc. ("Lyft") requests that the following documents filed under the following exhibit types be kept confidential:

1. Block Diagram
2. Schematic Diagram
3. Part List
4. Operational Description

The named documents above contain confidential and proprietary or trade secret information regarding Lyft's systems, equipment, and design which are not known to the general public. Since this design is a basis from which future technological products will evolve, release of this information would benefit competitors-- giving them an unfair advantage in the market.

We are aware that exhibit types: *cover letters, attestations, label document, test reports, RF exposure information (SAR and MPE reports)*, cannot be requested to be classified confidential and are thus subject to publication, as will be documents of all other exhibits types for which we have not requested a confidentiality classification.

Sincerely,

A handwritten signature in black ink, appearing to be "Justine Lee". The signature is fluid and cursive, with a long horizontal line extending to the right.

Justine Lee
