

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1**

**EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph showing a small green printed circuit board (PCB) component with a red rectangular component soldered to it. The component is placed on a blue textured surface next to a metal ruler. The ruler has markings in centimeters (0 to 10) and millimeters (0 to 8). A 0.5 mm scale bar is visible near the component.
Solder Board-Component View 2	 A photograph showing the same green PCB component from a different angle, with the red rectangular component soldered to it. The component is placed on a blue textured surface next to a metal ruler. The ruler has markings in centimeters (0 to 10) and millimeters (0 to 8). A 0.5 mm scale bar is visible near the component.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled '3', showing its solder side. The board is populated with various electronic components, including a large yellow rectangular component, several capacitors, and a USB connector. It is placed on a blue textured surface next to a metal ruler for scale. The ruler shows measurements in millimeters, with the component spanning approximately 8 to 12 mm.
Solder Board-Component View 4	 A photograph of the same green PCB component, labeled '4', showing its component side. The board is populated with various electronic components, including a large yellow rectangular component, several capacitors, and a USB connector. It is placed on a blue textured surface next to a metal ruler for scale. The ruler shows measurements in millimeters, with the component spanning approximately 8 to 12 mm.
