A white power supply unit (PSU) is shown lying horizontally on a blue textured surface. The PSU has a circular two-prong electrical plug on the left side. The main body of the PSU is rectangular and features various safety and regulatory markings, including a CE mark, a triangle with an exclamation mark, and a triangle with a lightning bolt. A coiled white cable is attached to the right side of the PSU, secured with a yellow rubber band. A ruler is placed vertically to the left of the PSU, showing measurements in centimeters and millimeters. The PSU is positioned between the 10 cm and 60 cm marks on the ruler.
