CAPS Lock Indicator

Multimedia Knob
Turn right for volume +;
turn left for volume -;
press to mute

1. Indicator Lights:
· CAPS Indicator: The CAPS lock indicator shows the status of uppercase letters. It remains on when Caps Lock is active.
· WIN Indicator: The WIN key indicator shows the status of the WIN key lock. It remains on when the WIN key is locked, and the WIN key will be disabled during this time.

2. Win/Mac Mode:
· FN+W = Windows Mode
· FN+E = Mac Mode, ALT key acts as the Command key, FN+F1-F12 functions as the standard F1-F12 keys.
· In Windows mode, switching to Mac mode will swap the Win key and left Alt key, and F1-F12 will function as multimedia keys.

· 2.4GHz WIRELESS CONNECTION

① Set the switch mode to 【2.4G】.
② Take out the dongle from the storage slot.
③ Insert the dongle into the USB port of your computer.

Manual pairing (pre-paired at the factory): Press and hold 【FN+~】 for 3 seconds until the indicator light flashes rapidly, then insert the dongle into the computer's USB port. The indicator will stay on for 2 seconds once the connection is successful.

· WIRELESS CONNECTION

① Set the switch mode to 【B】.
② Press and hold 【FN+1!】 to start pairing. The indicator light will flash rapidly during pairing.
③ Search for the wireless device name 【MCHOSE G87 3.0】 or 【MCHOSE G87 5.0】 on your device, and then click to connect.

Settings
My Devices
MCHOSE G87 3.0   Connect

· BATTERY MANAGEMENT

Status indicator

1. BATTERY STATUS
In 2.4G/Wireless mode (when USB is not connected), press FN+B to display the keyboard's battery level. All other backlighting will turn off, and releasing FN+B will restore the lighting effects. When fully charged, the number keys 【1! - 0】 will all light up green. As the battery drains, the green light will gradually decrease, and when the number keys 【1! - 3#】 turn red, it indicates low battery.
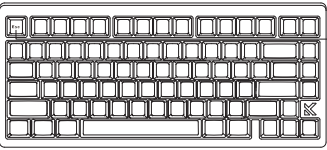

2. CHARGING METHOD
In any mode, connect the keyboard to your computer with the provided cable to charge the keyboard. When the battery is low, the 【Esc】 key will flash red. While charging, the 【Esc】 key will stay red. Once fully charged, the 【Esc】 key will return to its normal lighting effect.

3. SLEEP FUNCTION
By default, the keyboard will enter sleep mode after one minute of inactivity. Press any key to wake up the keyboard.

⚠ CHARGING INSTRUCTION ⚡

1. It is recommended to charge the keyboard using the computer's USB port only.
2. Do not use fast-charging phone chargers to charge the keyboard.
3. Do not use low-quality, non-standard power adapters to charge the keyboard.
4. Do not use over-voltage or over-current power adapters to charge the keyboard.
5. Keep the keyboard away from high-temperature devices while charging.
6. Turn off the power switch if the device will not be used for an extended period.

The above charging instructions also apply to other rechargeable devices (keyboard, mouse, headphones, speakers, etc.).

WARRANTY CARD

Thank you for purchasing our product. Please contact us if there are any quality issues within the warranty period. Please provide this warranty card so we can provide comprehensive after-sales service.
