

Declaration Letter

Dear Sir,

For our business issue and marketing requirement, we would like to list different numbers on the FCC and ISED certificate and report, as following:

FCC model number: IR601-S、IR611-S、IR621-S、IR631-S、IR641-S、IR651-S、IR661-S、IR671-S、IR681-S、IR691-S.

ISED model number: IR601-S、IR611-S、IR691-S.

IR611-S is the main model.

We hereby state that all these models are identical in appearance, interior structure, electrical circuits, components, and basic software function with the same RF parameters. The differences between models are function software, numbers of network ports and model name.

IR611-S is one of the most comprehensive function model, openness through different software to control the function of the product, software functionality permissions and security levels are different. Different models will not affect the values of EMC and RF parts.

IR601-S、IR611-S、IR621-S、IR631-S、IR641-S、IR651-S、IR661-S and IR671-S have one Ethernet port; IR681-S and IR691-S have two Ethernet ports.

Your assistance on this matter is highly appreciated.

Thank you!
