6731 Whittier Ave, McLean, VA 22101

November 10, 2004

RE: Sunrex Technology Corp.

FCC ID: J750410

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) The block diagram should show the frequencies of all oscillators in the TX of the device (CFR 2.1033(a)(5)), unless this portion of the device is an OEM part. Please provide either the block diagram for the TX portions (802.11 + Bluetooth), or alternatively provide a parts list that shows that these parts are provided by another manufacturer.
- 2) Please add information from 15.105(b) to the users manual.
- 3) Is the data on page 17 peak or average?
- 4) FYI....The users manual appears to be missing the required information for the DoC portion of the system required by 2.1077.

**FYI:**

**COMPLIANCE INFORMATION FOR DoC AUTHORIZATIONS (47CFR 2.1077)**

If a product is tested and authorized under a Declaration of Conformity, a compliance information statement shall be supplied with the product at the time of marketing or importation, containing the following information on a single page:

- (1) Identification of the product, i.e. name and model number.
- (2) A statement similar to that contained in Section 15.19(a)(3) that the product complies with Part 15 of the regulations.
- (3) The identification, by name, address and telephone number, of the responsible party. The responsible party is defined as either the manufacturer, or if the equipment is imported, the importer. The responsible party for a Declaration of Conformity must be located within the United States.

Timothy R. Johnson  
Examining Engineer
