RE: FCC Class II Permissive change for FCC ID: SWX-UAPACLR
(Original Grant Date: 08/13/2015)

Dear Sir or Madam:

Ubiquiti Networks is submitting an application for Class II Permissive Change to the UAP-AC-LR, (FCC ID: SWX-UAPACLR). The commission on 08/13/2015 originally certified this product under FCC ID: SWX-UAPACLR.

The purpose for this C2PC is to ensure the Band Edge requirement remains compliant.

There are no hardware or electrical modifications made to the applying wireless device.

The changes filed under this application are:

- An updated firmware to version 4.3.13.11253

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark m. Feil'.
